DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or make obvious the claimed safety panel for a firearm. Specifically, the prior art fails to show a plate for each side of the grip of the claimed type of firearm; where the plate completely covers the opening in the grip without any apertures in the plate in a portion that it over the opening; and where each plate fits entirely underneath a grip cover.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-20 are allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Pearce and Farrar et al are cited as being of interest since they disclose firearm grip additions.
